Maintenance and Support Update <ul style="list-style-type: none">- Demo Update Client Data form<ul style="list-style-type: none">o Cal-OMS field “What is your sexual orientation” – Reminder that this field is required for Cal-OMS.- The Avatar team has been able to submit Cal-OMS data through June 2020 to the state.- Release items- New lightbulb at the bottom of the Cal-OMS admission’s first page for “Flag for Resubmission”<ul style="list-style-type: none">o This will only appear as an option if you have completed Cal-OMS data that has been sent to the state and returned due to errors.o The “Yes” radial button must be selected for Cal-OMS with errors that need to be resubmitted.o If this is not marked this data will not be resubmitted to the state.- New programs have appeared as of yesterday for Detox and IOT services. Example of when to use these new programs – If you are seeing a client in an outpatient program and they go into Detox treatment you would discharge the client out of the original outpatient episode and admit them into the new Detox program. A Cal-OMS Discharge will need to be completed in the original outpatient program and you will need to complete a new Cal-OMS record in the Detox program. <p>Project Update</p> <ul style="list-style-type: none"> - Avatar NX –Estimated to move to this new platform in 2021. This will change the look and feel of Avatar. - New version of report viewer is available and recommended for download on the Avatar website. County computers have already been updated with this new viewer. - NX utilizes consoles rather than Chart view. If there are groups of widgets or new widgets that would be helpful please let us know. - A request was made for a widget to show items that need to be approved. The “My To Do’s” widget was demonstrated in response. - Question about Java updates. NX will not use Java, but there is currently no plan to update which version of Java Avatar recommends.
