nda	Electronic Health Record (EHR)	MH User Forum		
Agenda IIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIII	Date: January 30,2025 Time: 1:00 to 2:30 PM Location: Virtual using Zoom	ALANA HARAMAN HARA	NA AN A	
Facilitator: Melony Iba	arra			
Scribe: Stacey Ca				
Attendees: (See sign i	n sheet)			
Торіс	~~~~~	Presenter	Start Time	Length
 IPT BACS Avatar contract endidocumentation that is a couple people at each be sure to coordinate that needs to be pull notes that may need medical requests will some specific inform LIVE. Client Clinical Problem 	: t E ch rative	Melony	1:00 PM	5 min

 Client Information Screen- Be sure your clients have the sex, and a valid address entered. There have been a lot of errors in these two fields. The Address must be broken out line by line, Click the "Details" button to break out the address. If the client is homeless, enter HOMELESS on the address line and your agencies city, state, and zip code below. 	Mike	1:15 PM	10 min
 work on the denials. Claims Correction Spreadsheet (CCS) - CCS are currently being completed within 8 weeks of the date submitted. Reminder, voids are only used for approved services. There is a tip sheet posted on the EHR Claiming page that goes over how to avoid submitting a duplicate CCS. <u>https://dhs.saccounty.gov/BHS/BHS-EHR/Pages/EHR-Claiming.aspx</u> Requests to regenerate services are only necessary if the service is in complete status and a change has been made that affects the rate, such as a change to the procedure code or duration. Services in Show status or edits to the service that does not affect the rate do not need to be regenerated. When end dating an OHC or Medi-Care Payor, use the last day of the month as the end date. 			
 Claiming Updates-Completed October 2024 Rates are in SmartCare for FY 24-25. If you are receiving errors, reach out to your contract monitor. Denials—Make sure you run your program reports and 			
 it is not being added to your specific program. When you are in that list, please do not delete anything that someone from another agency has entered as a problem. If the client is no longer presenting with the problem you can end it instead. Not using test clients in LIVE SmartCare environment - Live Environment is not for testing. Please don't put test clients in the LIVE Environment. If you would like to do testing reach out to the training reg box to give you access to the TRAIN environment. Access to both TRAIN and the LIVE environment will not be given at the same time. Access to Live will be shut off while testing in TRAIN, to avoid data being entered into the wrong environment. Once the user is done in TRAIN, we will restore access to the Live environment. Support: BHS-EHRSupport@saccounty.gov Training Registration: BHS-EHRTrainingReg@saccounty.gov Billing: BHS-EHRBilling@saccounty.gov 	Lana	1:05 PM	10 min

 SmartCare Claiming Updates- Claims have been submitted through July, 2024 for Healthnet and Anthem. Make sure to run your ECM & (SAC) Reports in SmartCare regularly to help find and clear errors. Entering Managed Care Payors- All ECM Payors will have "Managed Care" in the name, be sure to use those Payors. Entering ECM Programs- All SUPT ECM programs begin with "ZZ_ECM" Entering ECM Procedure Codes- ECM procedure codes will begin with ECM and end with the managed care plan name. 			
 Other Billing/Claiming Items Crisis Stabilization Unit- As of 7/1/24 the code is reimbursable up to 23 hours. Previously when using this code the billable and non-billable time would need to be separated out. With this update, the billable and non-billable hours do not need separated. Enter the actual time of the service and the system will create an extended hours procedure code that will not be billed out for any time over 23 hours. Effective January 1, 2025, the "Prescriber Telephone E/M OP" procedure code is no longer valid. DHCS has advised to use the "MH-Psychosocial Rehab-Individual (H2017)" code as a replacement, be sure to use "telehealth audio only" as the location with this code. Coverage Screen-The field "Client is Subscriber" should always be set to Yes for Medi-Cal. If the client has private insurance through a family member, that can be set to No for the OHC Payor and the subscriber should be selected. The Program Coverage Report will flag any clients who have No entered under "Client is Subscriber" under the Medi-Cal Payor. Please correct these errors. They will prevent your services from claiming out. If the client has private insurance through a family member, that person must be added as a contact in the Client Information screen. The following fields are required to be entered for that client contact: Sex DOB Address 	Richard	1:25 PM	5 min
 Data Reporting Discharge reasons – please remember to enter a discharge reason when discharging your clients. 	Dawn	1:30 PM	5 min

SmartCare Support	Justin	1:35 PM	10 min
Reminders			
 Please reach out to us for support questions at <u>BHS-EHRSupport@saccounty.gov</u> Web Browser Password Auto fill and SmartCare lockout – A tool we created on our support page under technical support for SmartCare is a tip sheet to remove autofill passwords from your web browser. Notifying EHR Team and QM when staff are terminated-This will ensure that we have removed their permissions and access to SmartCare, and we are no longer including them in State reporting if applicable. Notifying EHR Team when a program closes - Please notify the EHR team and your contract monitor when a program closes. We want to make sure that we have accurate reporting. Searchable Staff text box-This replaces all staff dropdown lists with a searchable text box. This is in multiple forms throughout SmartCare. Treatment Team update (See Release Items) Inquiries Screen updates (See Release Items) 			
 Medication Management RX Updates (See Release Items) SmartCare Reports Release Items can be found on the BHS EHR Support page, <u>https://dhs.saccounty.gov/BHS/BHS-EHR/Pages/Support.aspx</u> 	John/Val	1:45 PM	10 min
CalAIM	Darlene	1:55 PM	5 min
 The next Collaborative Resource Roundtable is on 2/26/25: Meth Use Disorder and Associated Heart Failure. The next ECM training 2/6/25 @ 1:00 pm. The next ECM Provider meeting is 2/6/25 at 9:00 A.M. We will have a special presentation from a meals on wheels Community Support provider: Avengers Hospitality Group highlighting their meal program. Please see their attached flyer 			
Training Updates	Kat	2:00 PM	10 min
 Training schedules posted through March 2025 Training Registration Form Only name programs/locations where your new staff will be working and need the ability to enter information. Only request All Programs if it's applicable to the user. Authorized Approver guide will be coming soon. The guide will go over the process of registering staff for training, how to fill out the Training Registration Form, and basic FAQ's. We will be sharing the guide with current Authorized Approvers and posting it to our webpage once completed. Training Schedule updates beginning in March 2025: 			

0	New Supplemental live Direct Care Staff Training			
-	will be offered monthly. This training is not required			
	or intended for all direct care staff. It is supplemental training for Direct Care staff who feel			
	they need extra support after going through the			
	required CalMHSA LMS videos. CalMHSA LMS			
	training is still required for all new SmartCare users			
	 This training will replace the 1:1 Direct Care staff session. 			
	 New programs will be required to take the live Zoom training. 			
	 The first training will be offered March 18, 2025. 			
Provic	ler Admin training Updates			
0	We have split up the Provider Admin training into			
	SUPT and MH specific training. This allows us to go into more specifics regarding MH specific items, such as state reporting.			
0	The first MH training will be March 4, 2025			
0	The training will be offered as a full-day training			
0	Since Provider Admin training will now be offered			
	all day, Service Corrections training will move to Thursday afternoons.			
0	ECM will move to Thursday mornings.			
0	Alternative SmartCare training- This is set as a			
	holding place for any training needs, such as a

 Question regarding the Prescriber Progress E/M code: Can doctors use this procedure instead of the MH-Psychosocial Rehab-Individual procedure and use Telephone as the location? Answer: No, this procedure does not allow telephone modifiers. Make sure to use the MH-Psychosocial Rehab-Individual procedure, which has been recommended by DHCS. If Prescriber Progress E/M code is used with the telehealth modifiers the services will be denied by DHCS. 			

Meal Options

Some of our meal options include but are not limited to

- Egg White Veggie bake (sweet potatoes, spinach, onions, peppers)
- Turkey Enchilada Verde
- Low sodium soy ginger chicken with chickpea rotini pasta
- Chicken and Sausage Jambalaya
- Roasted Veggie Stuffed Bell Peppers
- Turkey Meatloaf and Green Beans
- Low glycemic spaghetti noodle with meatballs and marinara sauce
