15	<p>Open Forum</p> <p><b>Q. Can we run our unbilled reports right now? Why are all of those guarantor 17s showing up?</b></p> <p>A. We have completed claiming through December 31<sup>st</sup> and do not expect to be submitting the next Mental Health claim for several weeks. This would be a good time for programs to run their unbilled reports. Guarantors 17s were showing up in some cases based on Medi-cal payments for May 2009 services causing a balance to fall to secondary guarantors. The report has been revised to only pull in data for primary guarantors at this time.</p> <p><b>Q. When you say that Medi-Cal requires us to enter information for Other Health Care coverage, are you talking about Vision and Dental as well?</b></p> <p>A. It doesn’t make much sense to us either, but at this time claims are being denied for lack of documentation for these plans. We do not have a clear answer at this time if this is working as intended or if it will continue to be required.</p> <p><b>Q. How do we request the deletion of closed charges? What about deletions we already submitted?</b></p> <p>A. We will be coming out with a formal process similar to the OCDR form to request deletion of these charges. At this time, please hold on to them. We do intend to honor requests made prior to the announced cutoff. If you submitted one and it was returned, please re-submit it.</p>	Kacey
