Claiming /Fiscal Update <ul style="list-style-type: none">5010 Update<p>We are done testing in Avatar for claiming in the 5010 format. We are currently working on setting up our live environment with the necessary changes to cutover to this format. Once that is complete we will be starting our first claim for Nov 2012 services. This will most likely happen after 1/1/13 and we have already received permission from the state to use a delay reason code for November 2012 services. This doesn't affect payment to providers because payment is made based on services entered.</p>Claiming Status<p>We are still working on back log claims corrections spreadsheets. We have new employees to help now. Retros- before we started to update Avatar for the 5010 cutover we were caught up. We will be working on retros sent in November 2012 when we are able to claim again.</p>	Melony	11:05 AM	10 min

<p>Training</p> <ul style="list-style-type: none"> Currently we have had 406 people trained on CWS and we have roughly 490 people to go. These numbers do not include Adult programs. 17 more programs to go plus The Mental Health Treatment Center. We will be offering Webinars. You will all be able to access this online. They are currently being QA'd. Please be aware that webinars will not take the place of classroom style training. They will be an excellent tool for commonly asked questions as well as refreshers. Minimum specs are posted on our website. 	<p>Christine</p>	<p>11:40 AM</p>	<p>10 min</p>
