Training Update <ul style="list-style-type: none">- Review Training Registration Process Reviewed the 48 hours required for training. If there is anything specific needed in regards to training use the comments field to communicate. That way it will reduce the questions back and forth.- CPT Code Training Registration A spreadsheet was sent out that has all of the trainings available. There was an error on the June 10th classes, it says Monday June 10 instead of Wednesday June 10th. We will make sure that in the confirmation we notate Wednesday June 10th so as to not confuse anyone.	Justin	3:05 PM	5 min
Review Release Items <ul style="list-style-type: none">- See Release Tracking Spreadsheet- The Avatar Team will be reducing the number of progress Note reports and standardizing the information displayed. The "Progress Note by service chart" report will be the template for all of them. This report has been updated for this release. Please provide feedback so that your feedback can be incorporated into the standard.- Consensus was to replace the admit date with the Provider Start date on the new Assessment report.- Order Connect changed in December, Netsmart changed to MicroMedix which changed the formulary. <ul style="list-style-type: none"> - Allergies were changed and the options were changed. The good news is that practitioners can now enter both No Known allergies and Known Allergies Drug Allergies. However, these indicators are not coming back to Avatar via the backchannel and as such are not displaying in Avatar widgets. We have opened a ticket with Netsmart and we expect a resolution soon. 			
<p>Review Service Code Changes</p> <ul style="list-style-type: none"> - New Service codes will be effective 7/1/15. Several new service codes take the place of 97500. We encourage users that are hands on learners coming to classroom training. 	Kacey	3:30 PM	15 min
<p>What's Coming</p> <ul style="list-style-type: none"> - ICD10 and DSM5 update – Memo Forthcoming. ICD-10 Compliance Date is October 1, 2015. - Client Billing – Memo sent 4/6-Providers have received a memo about changes in processes related to Client Billing. - 	Kacey	3:45 PM	10 min
<p>Open Forum</p> <ul style="list-style-type: none"> - Q-What report can be used to identify client plans that are “stuck in draft” - A-The Active Client plan can be used for that purpose. - Q- Can we have a report of documents scanned as non-episodic? - A-We are unable to create a report due to the fact that the documents are non-episodic. However, the Avatar team can provide an extract as was done previously to review the information. We will prioritize this to the extent resources allow. - Q- Is there an update on DSM5? - A-Sacramento County is not moving forward with DSM5 until we get guidance from the State. It is anticipated that we will be using the DSMIV and ICD-10 concurrently for a period of time. - Q-One of my staff called the help desk and needed to Delete a Locus and the Locus was moved back to draft and they were told to Delete it. How do they do it? - A-This task be accomplished by the clinician directly. A Demonstration of how to Delete the Locus from the pre-display was provided. 	All	3:55 PM	10 min
