Sacramento, CA 95823
Conference room 1

Facilitator: Kacey Vencill

Scribe: Justin Miller

Attendees: (See sign in sheet)

Topic	Presenter	Start Time	Length
Welcome/Introductions	Kacey	3:00 PM	5 min
Training Update - Review Training Registration Process	Justin	3:05 PM	5 min
ICD-10 - Known Issues- See Known issues document. - It is appropriate to edit a diagnosis if you are not changing anything in the diagnosis. - We have found that we cannot give Read only access to the diagnosis. There is a security issue that needs to be resolved before we can update roles to give back access. - People have been used the left hand side part of the chart view to access the diagnosis information. Anyone has the ability to add this to their chart view. - Only the most recent diagnosis needs to be updated in order to be pulled to the claim. - We had a question about how do I get my currently active diagnosis. All open clients will need to have a primary Bill order 1 code. - FAQs- See ICD 10 FAQ document	Kacey	3:10 PM	15 min
Release Cycle Review See release spec sheet	John	3:25 PM	15 min
What's Coming - Client Billing- We talked about that earlier in different meetings. Make sure you clean up your UMDAPs so we are ready to start billing. - Provider Integration- We anticipate picking that piece up by January - MyHealthPoint – Client Portal- This is the client portal that will allow clients to see medications and diagnosis etc...Will start the process around April 2016	Kacey	3:40 PM	15 min
Open Forum	All	3:55 PM	5 min
