Topic	Presenter	Start Time	Length
Welcome/Introductions	Kacey	3:00 PM	5 min
Training Update - Review Training Registration Process - **Procedure for Password Resets:** Email, System Code, Agency Authorized Approver	Justin	3:05 PM	5 min
CWS Issues/Concerns - Reports using progress notes are slow: A patch has been released and we have requested that it be scheduled in TRAIN. As soon as testing is complete, we will update LIVE. - Order Connect No Known Allergies/No Known Drug Allergies not coming back to the client chart: This issue has been resolved. However, it was not a retrospective fix.	Kacey	3:10 PM	10 min
Project Updates - Scheduler PIP- The PIP Starts July 1st and there will be some new services codes that are being implemented for this. - New Service codes- 90500 has been broken out to indicate client was a no show. 90600 is for a Staff No Show. 90501 for Cancellation by Client. 90601 for Cancellation by Staff. There are 2 additional service codes that you will see which should not be used. INIT01 Initial appointment which is only used by ACCESS. INIT02 Hospital Discharge which is only used by ACCESS. If you are	Kacey	3:30 PM	10 min

not in the PIP please do not use these codes. o Can post appointments from Finalized Progress notes if using the scheduler-There will be a registry setting turned on to allow posting of appointments by using "Existing Appointment" in the Progress Note form. - UMDAP/Share of Cost/ Medicare-Still a priority and we have it scheduled to start billing around the 1st and 2 week of January. QM will send out policy will provide training on policies and procedures. We will try to coordinate to with QM to offer a combined training to eliminate the need to attend dual trainings if possible. Make sure that you have all your clients' setup properly in Financial Eligibility with the correct guarantors. - Providers with their own systems-We are working on providers with their own system on the system requirements. They have not reported any issues and will be implemented by January 1st. This will allow them to send information electronically to Avatar.
