

Delay Reason Codes - These are used when applicable to address timeliness requirements	
1	Patient or legal representative's failure to present Medi-cal identification
2	Initiation of legal proceedings to obtain payment of a liable third party pursuant to Section 14115 of the Welfare and Institutions Code (WIC)
4	Circumstances beyond the control of the local program/provider regarding delays caused by natural disaster, willful acts by an employee, or other circumstances that have been reported to the appropriate law enforcement or fire agency, when applicable
7	Billing involving other coverage including but not limited to Medicare, Ross-Loos or CHAMPUS
8	Circumstances beyond the control of the local program/provider regarding delay or error in the certification of Medi-cal eligibility of the beneficiary by the State or County.
9	Temporary code used to resubmit denied Phase I claims in Phase II within 97 days after the claim was first returned on the Phase I EOB for the original claim (this code is valid for 127 days after Wave 3 counties' Phase II go-live date and 97 days after all other counties' Phase II go-live date)
10	Special circumstances that cause a billing delay such as a court decision or fair hearing decision
11	Circumstances beyond the control of the local program/provider regarding delays caused by natural disaster, willful acts by an employee, or other circumstances that have been reported to the appropriate law enforcement or fire agency, when applicable
