| | <ul style="list-style-type: none">• BHSA does not add new funding but reallocates existing MHSA dollars into three categories: 35% Full Service Partnership, 35% Behavioral Health Services & Supports, and 30% Housing Interventions.• Approximately \$16.5 million in programs are proposed to sunset or see budget reductions, including school-based and general prevention programs, workforce education and training programs, crisis lines, and respite programs, due to new state rules and Medi-Cal alignment.• Medi-Cal-entitled services (urgent care, outpatient, residential, inpatient) will remain fully funded.• Community feedback highlighted “Glows” (trust, stigma reduction, prevention successes, peer services) and “Grows” (housing stability, system navigation, equity, workforce retention, coordination).• Housing investment and system accountability were emphasized as priorities moving forward. <p>BHC Comments/Questions</p> <ul style="list-style-type: none">• Commissioner Patricia Wentzel asked if there had been conversation with the Board of Supervisors about redirecting funding from the Sheriff’s Office to support BHSA programs.• Commissioner Jennifer Churchill asked how the gap would be filled with the sunsetting of peer-operated programs and the need for community programs. Dr. Quist responded that voters mandated a shift to focus on serious needs and medical services, noting that some community wellness centers will continue but not all.• Commissioner Churchill further asked if the state had provided any funding guidance. Dr. Quist explained that counties are awaiting California Department of Public Health direction and that requests have been made for interim funding.• Commissioner Churchill expressed concern that these changes were not brought to the Commission for planning. Dr. Quist acknowledged that the timing had been unfortunate with the sunsetting of the Mental Health Board and the Alcohol and Drug Advisory Board.• Commissioner Bradley Lueth requested more information on housing cost details. Dr. Quist offered to provide a future presentation, noting relatively inflexible funding guidelines.• Commissioner Rosario Rodriguez asked whether housing funds would be managed by BHS or another county entity. Dr. Quist responded that this is still to be determined. |
