This Program is funded by Sacramento County Division of Behavioral Health Services through the voter approved Proposition 63, Mental Health Services Act.

For: Clients/ Consumers of Behavioral Health Services, Family Members, and Supporters.

Our Expert Pool Town Hall Meetings were created in 2011 as a way to bring individuals receiving services, family members and our community partners together in an effort to keep our peer community connected and informed around training opportunities, services and supports within Sacramento County's Behavioral Health System. We titled this particular meeting "Expert Pool" because we feel that everyone is an "Expert" on themselves, and we know all of you bring your own valuable life experience to the table. This is an opportunity for shared learning, support and a wonderful networking opportunity as well.
