MHSA Steering Committee
Innovation Component

SURVEY RESULTS and NEXT STEPS

2.16.2023

RECAP: Timeline

- **October 2022** – MHSA Steering Committee (SC) INN Presentation refresher regarding the INN component requirements

- **November 2022 -** At the request of the SC Executive Committee, additional INN component refresher provided as specified in the Welfare and Institution Codes (WIC) and the California Code of Regulations (CCR)

- **November 2022 -** INN survey launched to get stakeholder input to inform the next INN project and received 85 responses

- **January 2023 -** INN refresher presentation and reviewed the INN survey responses

- **Jan 2023 –** SC Executive Committee requested to have the survey revised and disseminated broadly once again, to gather more stakeholder feedback

Recap: INN Requirements

▶ Must *contribute to learning* rather than focusing on providing services.

▶ *Time-limited*; not more than 5 years. Time frame is based on complexity of the approach and evaluation of the approach.

▶ Must align with the *MHSA General Standards.*

▶ After Board of Supervisors approval, must obtain *MHSOAC approval* before implementation.

▶ If successful, County may continue the project services but must transition it to another MHSA funding category or another fund source.

Recap: INN Component Requirements

All Innovative Projects must support innovative approaches by doing one of the following:

- Introduce a new mental health practices or approaches, including but, not limited to, prevention and early intervention.

- Make a change to an existing practice or approach, including, but not limited to adaptation for a new setting or community.

- Introduce a new application to the mental health system of a promising community-driven practice or an approach that has been successful in non-mental health contexts or settings.

- Participates in a housing program designed to stabilize a person's living situation while also providing supportive services on site.

(WIC 5830)

INN Component Requirements (Cont.)

The Innovative Projects are required to have a primary purpose:

- To increase access to underserved groups.

- To increase the quality of services, including better outcomes.

- To promote interagency collaboration.

- To increase access to services, including, but not limited to, services provided through permanent supportive housing.

(WIC 5830)

INN Component Requirements (Cont.)

INN Projects must come through a Community Planning Process (CPP) and align with the MHSA General Standards:

- ▶ Community Collaboration
- ▶ Cultural Competence
- ▶ Client Driven
- ▶ Family Driven
- ▶ Wellness, Recovery and Resilience Focus
- ▶ Integrated Service Experience

INN Component Requirements (Cont.)

INN Projects may affect any aspect of mental health practice or assess a new or changed application of a promising approach to solving persistent mental health challenges, including but not limited to:

▶ **Administrative, governance, and organizational practices, processes, or procedures**

▶ **Advocacy (i.e. client and/or family advocacy)**

▶ Education and training for service providers, including nontraditional mental health practitioners

▶ **Outreach, capacity building, and community development**

▶ **System development**

▶ Public education efforts

▶ Research

▶ **Services and interventions, including prevention, early intervention, and treatment**

▶ Permanent supportive housing development   (WIC 5830)

*Items underlined and in bold have been addressed in Sacramento INN projects to date
