- Trying different question types/styles, avoiding “leading questions”, survey length, structure of survey

Board Survey Development

- **Mission statement:** *To encourage restorative practices toward substance abuse, misuse, and prevention on school campuses*
- Quantitative questions - easier on data, also more appealing to adults (BHYAB is presenting on adult ally day of Breaking Barriers), but qualitative also provides rich data
 - Focus more on quantitative - too much qualitative → boring, tedious
- Target demographic - Age 14-24 (what Sac County considers as youth)
- Other demographics to focus on: geographical community (zip codes), education level, ethnicity background, LGBTQ+.
- Until 9/25 to send in as many survey questions as possible to compile the survey.
