## May News

On May 7th, the BHYAB discussed the creation of a social media officer - whose role would include the duties of collecting board member created content and the organization of the monthly content calendar. We also received short presentations from Sacramento County regarding the Sacramento County Behavioral Health Racial Equity Collaborative Community Forum on July 12th with the purpose of Sacramento County Behavioral Health Services (BHS) aiming to improve access and quality to BHS to the Latinx community. Our presenters also shared that the Mental Health Services Act (MHSA) Steering Committee is currently recruiting youth to sit on the committee.
