

**Division of Behavioral Health**  
**ASSISTED OUTPATIENT TREATMENT PROGRAM**  
**\*\*Fulltime Employment Opportunity \*\***

**Join a Team That Will Make a Meaningful Difference in Our Community!**

**Description:**

Sacramento County Behavioral Health Division is launching a brand new treatment program to support our community members with severe mental illness. This program is an intensive outpatient treatment program, built on the foundation of strengths based recovery oriented evidence based practices. This program has two components, the county operated referral and intensive engagement team, and a contracted intensive services provider team. This program is designed to support individuals in the least restrictive community based setting, reducing hospitalizations, and reducing incarceration. Come join this INCREDIBLE team and make a difference in our community!
