

WE ARE HIRING!

We are looking for passionate individuals who thrive in high-impact environment. Apply now!

JOIN OUR JAIL AND COURT ASSESSMENT TEAM

KEY RESPONSIBILITIES

- Conduct behavioral health assessments and provide provisional diagnoses to determine service eligibility.
- Engage clients in custody (Main Jail & Rio Cosumnes Correctional Center [CC]) or at the Jail Diversion Treatment and Resource Center.
- Link clients to appropriate community-based services and supports.
- Provide on-site crisis intervention and respond to urgent behavioral health needs.
- Collaborate with Courts and Law Enforcement partners, including Public Defenders, District Attorneys, and Judges.
- Maintain timely and accurate clinical documentation and records.
- Provide leadership and mentorship to clinical staff, supporting onboarding, training, and workflow coordination.

PROGRAM SYNOPSIS

Under the direction of the Mental Health Program Coordinator, the SMHC will:

- Provide professional mental health assessment and diagnosis;
- Support individuals referred to programs such as Mental Health Treatment Court, Mental Health Diversion Court, Recovery Court, Prop 36, and the Chronic Offender Rehabilitation Effort (CORE) District Attorney (DA);
- Work with both in-custody and community-based clients;
- Collaborate with Sacramento County Superior Court, Probation, and contracted providers; and
- Promote recovery through judicial supervision, accountability, and treatment-focused alternatives to jail.

OPEN POSITION & QUALIFICATIONS

Senior Mental Health Counselor (SMHC)

- Master's degree and clinical licensure (LMFT, LCSW, LPCC, or Clinical Psychologist).
- Registered with the appropriate California licensing board.
- Demonstrated ability to collaborate effectively with courts, law enforcement, and community members.
- Expertise in clinical interviewing, diagnosis, and assessment using the DSM.
- Knowledge of behavioral health systems, community resources, and recovery-oriented practices.
- Ability to communicate effectively with clients, families, and multidisciplinary teams.
- Familiarity with wellness and recovery strategies.
- Commitment to equity, inclusion, and culturally responsive care when working with diverse populations and system stakeholders.
