Definitions

Outreach and Engagement Attempt = HEART staff introduces themselves and provides an icebreaker to establish rapport, may include water, snack, etc. Brief interaction with individuals in an encampment who may or may not provide their name.

Engaged with HEART = When an individual expresses interest in Behavioral Health Services (BHS) to HEART staff and is enrolled into the HEART program in the Electronic Health Record.

Screening = When the individual provides sufficient information on symptoms and impairment for HEART staff to conduct a behavioral health screening.

Referred to BHS =When, with the consent of the individual, HEART refers them to the selected BHS program.

Linked = An individual that HEART staff enrolled/referred to BHS provider program, attends their first appointment with that BHS provider program.
