## WHY THE NAME CHANGE?

Sacramento County is redesigning its Adult Full Service Partnership (FSP) Programs to make services more equitable, community-focused, and aligned with new state requirements under the Behavioral Health Services Act (BHSA) and Behavioral Health Community- Based Organized Networks of Equitable Care and Treatment (BH-CONNECT).

This redesign was shaped by community input and aims to strengthen high-intensity outpatient mental health services for adults across the county.

We are updating the FSP program name to reflect these enhanced services—an FSP program that is committed to evolving and meeting the needs of our community.

**RENEW provides the same FSP services and enhances them with new evidence-based practices and service models!**
