

Line Item	Agency/Organization	Title	Format	Comment Type	Focus Area	Comment
1	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Data Collection	Will data on transgender people served be collected?
2	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Workforce Education and Training Component	Will Sacramento County Office of Consumer and Family Employment be implemented?
3	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Budget	How are revenue projections County uses for budgeting derived? Do they take into account new tax structure?
4	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Data Collection	What is the evaluation process to determine effectiveness of existing programs for worthiness of continuation?
5	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Prevention and Early Intervention Component	Why are we not implementing Evidence-Based Programs such as Positive Behavioral Intervention and Supports and Multi-Tiered System of Supports that have been proven to work for PEI efforts?
6	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Support	Community Services and Supports Component	FSPs have amazing outcomes. Should be acknowledged how much work goes into planning. Services cross broad continuum and are very well thought through.
7	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Budget	It is disappointing to me that the State No Place Like Home initiative went after existing MHSA dollars. MHSA Steering Committee should be an advocacy group working to encourage the Board of Supervisors and City Council to make appropriate planning decisions.
8	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Budget	Why do some programs have costs that increase and others have costs that remain the same from year to year?
9	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Support	Community Services and Supports Component	Thank you to Committee and staff for the amazing work that has been done.
10	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Workforce Education and Training Component	I believe that Pro-ACT Training is not consumer-focused and that it pathologizes violence. I am concerned for how things will work at the Treatment Center with this training.
11	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Support	Whole Person Care/Homeless	Services in the plan for the homeless appear impressive and robust.
12	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Whole Person Care/Homeless	However, if there is not sufficient outreach and accessibility, homeless services may fail. How are we going to reach a community that is somewhat hard to reach?
13	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Suggestion/Request	Three-Year Plan	On page 92, it would help if there was a column showing totals.
14	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Three-Year Plan	It seems as though not every program we have discussed is captured in the Three-Year Plan.
15	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Support	Community Services and Supports Component	It is good we are spending on FSPs. I am a recent graduate of one of them and now receive services at a lower level of care. I would not be able to be sitting here or be employed without having had help from an FSP.
16	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Community Program Planning	How were the programs in this plan chosen for implementation?
17	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Budget	INN Project 2: MH Crisis Urgent Care Program funding under review or possibly in jeopardy?
18	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Data Collection	On slide 19 where it shows cost per client, what are the reasons for the wide range of costs per client between programs and how successful are those programs?
19	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Suggestion/Request	Data Collection	Penetration rates are important, but so are retention rates. If we could see that information as well, it would be useful.
20	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Workforce Education and Training Component	Are CSET program trainings open to mental health providers who do not specifically target that population?
21	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Technological Needs Component	Where are we with SachIE? My experience with family members is that we still have a ways to go.

Line Item	Agency/Organization	Title	Format	Comment Type	Focus Area	Comment
22	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Support	Three-Year Plan	I think this current plan has the most promise of building a robust system of mental health: new urgent care, new homeless services programs, new youth programs, a third innovation program.
115	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Data Collection	Crisis residential numbers did not change, even though a new facility was added?
116	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Support	Three-Year Plan	Good job with the plan.
117	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Support	Prevention and Early Intervention Component	Speaking on behalf of La Familia Counseling Center, I want to thank you for the Supporting Community Connections program for Latinos. Over the last six years, we've reached out to many tens of thousands of people who speak Spanish who otherwise would not have known about mental illness or how to receive help.
118	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Support	Community Program Planning	I honor and thank the Steering Committee for providing a venue for all perspectives of mental health stakeholders and I thank you for listening to us all.
119	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Question/Concern	Laura's Law	I am a consumer of mental health and I very strongly oppose assisted outpatient treatment (AOT) for Sacramento County.
120	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Suggestion/Request	Budget	I believe money should go to community-based services and that we should integrate families into treatment services and treatment goals for individuals.
121	MHSA Steering Committee	Committee Member	MHSA Steering Committee Collective Comment	Suggestion/Request	Workforce Education and Training Component	Regarding trainings, the personnel involved appear to have a limited perspective. I see the NAMI viewpoint well represented in training for staff and I see the viewpoint of Mental Health America or other peer-run organizations represented at consumer training, and I wish we could marry them.
23	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Suggestion/Request	Three-Year Plan	Recommends on page 8 that service categories for the Community Services and Supports Component contain additional language to denote that services are culturally relevant, culturally reflective, and linguistically proficient.
24	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Suggestion/Request	Data Collection	Encourages the Division to work in partnership with unserved, underserved and inappropriately served cultural, racial, ethnic and LGBTQ communities to refine outreach, engagement and service delivery strategies, and data gathering methods that are culturally and linguistically competent, thereby increasing access, service utilization and penetration rates.
25	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Question/Concern	Data Collection	The table on page 34 that lists the race of clients served in Full Service Partnership (FSP) programs does not include American Indian/Alaska Native (AI/AN). There were questions about why the number of individuals in the "Unknown" or "Other" categories are high.
26	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Question/Concern	Data Collection	Sexual orientation and gender identity were missing in the tables containing demographic information about clients who received services and responses for gender were limited.
27	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Question/Concern	Data Collection	The chart of Full Service Partnership (FSP) Program Outcomes on page 33 suggests that disparities also exist for Limited English Proficient (LEP) clients enrolled in FSPs.
28	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Question/Concern	Data Collection	Notes that because the penetration rate table is published by EQRO and does not contain information specific to 16 - 25 year old Transition Age Youth (TAY), we are not able to track disparities that may exist for TAY.
29	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Suggestion/Request	Workforce Education and Training Component	Recommends that more training be made available to law enforcement and other behavioral health crisis continuum staff to enhance their skills around culturally and linguistically competent engagement with diverse community members who are experiencing a mental health crisis.

Line Item	Agency/Organization	Title	Format	Comment Type	Focus Area	Comment
30	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Question/Concern	Community Program Planning	How does the Division ensure that new programs are beneficial to all members of the community and are also relevant and responsive to an individual's specific cultural beliefs, linguistic needs, and use of traditional healing practices?
31	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Question/Concern	Cultural Competence	What are the Division's outreach plans to engage Arabic speaking communities in culturally relevant ways? How are we being responsive to the needs of other communities such as Pakistani, Hindi, and other emerging refugee communities from Afghanistan, Iran and Syria?
32	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Question/Concern	Cultural Competence	What are the Division's strategies to achieve behavioral health equity for diverse cultural, racial, ethnic and LGBTQ communities?
33	Cultural Competence Committee	Committee	Cultural Competence Committee Collective Comment	Support	Cultural Competence	Since DBHS is an integrated Division that provides mental health and alcohol and drug services, it was good to see that co-occurring treatment is mentioned throughout the plan.
49	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Budget	We are not going to have any dollars reverting back to the State, correct?
50	Mental Health Board	Board Member	Mental Health Board Collective Comment	Support	Three-Year Plan	I appreciate the success stories that reference real life situations that identified at least one, if not more, stories of how folks were helped.
51	Mental Health Board	Board Member	Mental Health Board Collective Comment	Suggestion/Request	Three-Year Plan	Page 41. Redundant sentence.
52	Mental Health Board	Board Member	Mental Health Board Collective Comment	Suggestion/Request	Three-Year Plan	Map on page 52 has communities not included or not mapped in totality.
53	Mental Health Board	Board Member	Mental Health Board Collective Comment	Suggestion/Request	Budget	Page 56 mentions anticipated loss of First 5 funding for HEARTS for Kids program. What does "future design of this program is being considered with an ongoing commitment to continued collaboration" mean?
54	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Innovation Component	What does Placer County bring to the table with respect to the Innovation Project?
55	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Whole Person Care/Homeless	Since we're going to work with Whole Person Care and the Homeless, how do you see Navigators and Peer Providers and everyone getting together with people who are working with the Homeless?
56	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Community Services and Supports Component	Why did you skip SAC-3?
57	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Budget	What is the funding going to be for SAC-11?
58	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Budget	What is our Prudent Reserve balance?
59	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Budget	In the span of three years, we go from \$91M unspent to \$19M unspent. At that rate, do we start to dip into the Prudent Reserve?
60	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Prevention and Early Intervention Component	What is the selection process for the Prevention and Early Intervention (PEI) initiatives? Who gets to look at it? What are the community collaborations?
61	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Data Collection	Based on penetration rate data, the African American community, while 11% of the population, seems to be disproportionately represented. But there is no clear connection to service providers and/or initiatives around PEI that would actually go after supporting communities of color, especially the African American community, if they are disproportionately represented in the data.
62	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Prevention and Early Intervention Component	There is a gap in services when it comes to trauma in the communities around community (gun) violence.
63	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Workforce Education and Training Component	What happened to the Office of Consumer and Family Member Employment proposal that was developed, funded, but not implemented?
64	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Budget	Where are we getting the estimated projections and what is the potential error rate? What is going to change in the Plan to make sure that we are spending those dollars?
65	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Budget	If we want to spend down PEI and INN AB 114 Reversion Funds, why do we have a high balance at the end of Fiscal Year 2019-20? Why don't we spend it down by the end of the Three-Year Plan?
66	Mental Health Board	Board Member	Mental Health Board Collective Comment	Suggestion/Request	Budget	Request report on what we are doing with accumulated MHSA interest.

Line Item	Agency/Organization	Title	Format	Comment Type	Focus Area	Comment
67	Mental Health Board	Board Member	Mental Health Board Collective Comment	Suggestion/Request	Prevention and Early Intervention Component	Support comments and concerns regarding programming to address trauma resulting from gun violence. Would appreciate more information re: questions raised at hearing.
68	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Innovation Component	How close are we to rolling out Innovation Centers for other hospital systems in the area?
69	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Innovation Component	We don't have enough crisis residential areas.
102	Mental Health Board	Board Member	Mental Health Board Collective Comment	Suggestion/Request	Three-Year Plan	Request for action/communication plan/feedback loop regarding recommendations for Three-Year Plan.
103	Mental Health Board	Board Member	Mental Health Board Collective Comment	Suggestion/Request	Three-Year Plan	Public comment matrix with count of people who spoke to each topic to help prioritize & move issues forward.
104	Mental Health Board	Board Member	Mental Health Board Collective Comment	Support	Three-Year Plan	Three-Year Plan is complete. Input/issues to be brought up in next year's planning or implemented down the line. I think that is perfectly fair. You guys have done a magnificent job & programs are massive.
105	Mental Health Board	Board Member	Mental Health Board Collective Comment	Support	Three-Year Plan	Thank you and your team. Have always found that collective comment does make its way into the plan. Maybe not the initial plan, but eventually. Majority of comments express support for the Three-Year Plan. I would be comfortable with this plan moving forward subject to consideration of comments made by Board and Public.
106	Mental Health Board	Board Member	Mental Health Board Collective Comment	Support	Three-Year Plan	Support with caveat that Three-Year Plan mention PTSD surrounding gun violence and "Laura's Law" type services.
107	Mental Health Board	Board Member	Mental Health Board Collective Comment	Suggestion/Request	Budget	Request for report on MHSA interest earned.
108	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Budget	Will entities cited in the Three-Year Plan continue to receive funding through a contract amendment or will County go out to bid again for the services?
109	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Data Collection	Is it an oversight or are there no Latinos represented in FSP?
110	Mental Health Board	Board Member	Mental Health Board Collective Comment	Support	Data Collection	County is doing a great job measuring Full Service Partnership and General System Development programs.
111	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Data Collection	What is the metric of success for Prevention and Early Intervention programs?
112	Mental Health Board	Board Member	Mental Health Board Collective Comment	Question/Concern	Data Collection	Where and how did the County determine that program outcomes are as a result of the MHSA?
34	MHSA Steering Committee/Public	Public	Public Comment	Question/Concern	Budget	Why is there so much funding that is rolled over from previous years? \$92+ M?
35	MHSA Steering Committee/Public	Public	Public Comment	Question/Concern	Workforce Education and Training Component	The programs are wonderful but where are the clinicians to provide the care?
36	NorCal MHA	Executive Director	Public Comment	Support	Budget	We are pleased to see the Division is addressing the use of unspent funds.
37	NorCal MHA	Executive Director	Public Comment	Suggestion/Request	Workforce Education and Training Component	Consumer Employment Program slated for funding in 2009 never came to fruition. Division should prepare for eventual passage of peer certification by using Workforce Education and Training funding for such purposes.
38	NorCal MHA	Executive Director	Public Comment	Suggestion/Request	Budget	Request that Division consider funding Consumer Employment Program through accrued savings from terminated peer partner program contract.
39	NorCal MHA	Executive Director	Public Comment	Suggestion/Request	Community Program Planning	Urge Division to ensure a client-driven community planning process, whereby the Division serves rather than steers the direction of this process.
40	NorCal MHA	Executive Director	Public Comment	Suggestion/Request	Budget	Ask Mental Health Board to take a more active role in the oversight of MHSA funds.
41	Friends for Survival	Executive Director	Public Comment	Support	Budget	Funding from MHSA are critical as we strive to respond to every traumatized person that calls Friends for Survival asking for help.
42	Slavic Assistance Center	Community Member	Public Comment	Support	Prevention and Early Intervention Component	Express my gratitude to both the Slavic Assistance Center & Sacramento County for supporting our Slavic community.
43	MHSA Steering Committee	Consumer/Family Member	Public Comment	Support	Three-Year Plan	I am in support of the MHSA Three-Year Plan.
44	GOALS for Women	Executive Director	Public Comment	Support	Three-Year Plan	I thought this plan was excellent. I am always in awe of Jane Ann's skill at preparing and presenting so much information! Great job.

Line Item	Agency/Organization	Title	Format	Comment Type	Focus Area	Comment
45	GOALS for Women	Executive Director	Public Comment	Suggestion/Request	Data Collection	Maybe include in the next Three-Year Plan a demographic list that is only the names and some of the disaggregated population "types" the programs serve? Something at the end of the report -- like an index? (Providers, population types, and page numbers by MHSA Component.)
46	GOALS for Women	Executive Director	Public Comment	Suggestion/Request	Workforce Education and Training Component	I would love to see the new foster care programs open opportunities for community members to become more involved to the degree possible as a type of extended foster family member to foster youth and the families they are part of, i.e., "Big Mama" and/or mentors, coaches, or natural helpers willing to provide training, emotional support, respite to foster youth and adoptive families.
47	GOALS for Women	Executive Director	Public Comment	Suggestion/Request	Workforce Education and Training Component	Protective factor activities for prevention of vicarious trauma in providers and caregivers, first responders, and even program administrators.
48	GOALS for Women	Executive Director	Public Comment	Support	Three-Year Plan	I liked the addition of GIS maps & images and marketing designs.
70	Cultural Competence Committee	Committee	Public Comment	Suggestion/Request	Three-Year Plan	Recommends on page 8 that service categories for the Community Services and Supports Component contain additional language to denote that services are culturally relevant, culturally reflective, and linguistically proficient.
71	Cultural Competence Committee	Committee	Public Comment	Suggestion/Request	Cultural Competence	Encourages the Division to work in partnership with unserved, underserved and inappropriately served cultural, racial, ethnic and LGBTQ communities to refine outreach, engagement and service delivery strategies, and data gathering methods that are culturally and linguistically competent, thereby increasing access, service utilization and penetration rates.
72	Cultural Competence Committee	Committee	Public Comment	Question/Concern	Data Collection	The table on page 34 that lists the race of clients served in Full Service Partnership (FSP) programs does not include American Indian/Alaska Native (AI/AN). There were questions about why the number of individuals in the "Unknown" or "Other" categories are high.
122	Cultural Competence Committee	Committee	Public Comment	Question/Concern	Data Collection	Sexual orientation and gender identity were missing in the tables containing demographic information about clients who received services and responses for gender were limited.
73	Family member	Community Member	Public Comment	Support	Three-Year Plan	I want to say thank you for all the work; I support the plan.
74	Family member	Community Member	Public Comment	Suggestion/Request	Laura's Law	Recommend that the Sacramento County Mental Health Services Act Plan include a two-year pilot of Laura's Law.
75	Family member	Community Member	Public Comment	Suggestion/Request	Laura's Law	We think Laura's Law is important because it offers opportunities for referral and assesment that may not currently exist.
76	Sacramento Act	Community Organizer	Public Comment	Suggestion/Request	Prevention and Early Intervention Component	Support comments and concerns regarding programming to address trauma resulting from gun violence. Encourage the Board to apply data reflected in school scores and crime/prison rates and include community resource partners and community service providers who address those populations to find meaningful ways to address trauma in those communities.
77	Sacramento Act	Pastor	Public Comment	Suggestion/Request	Three-Year Plan	I don't support the plan unless the plan specifically outlines where it is engaged in the African American community that has been traumatized due to gun violence and outreach to grassroots organizations to provide funding and support for treating a traumatized community.
78	Sacramento County Office of Education	Director	Public Comment	Support	Three-Year Plan	We'd like to applaud the important work happening in Sacramento County for both youth and adults.
79	Sacramento County Office of Education	Director	Public Comment	Suggestion/Request	Budget	Although funding is expiring in June 2018 for the Bullying Prevention Project and Youth Mental Health First Aid, we welcome the opportunity to continue this partnership should funds become available.
80	Sacramento County Office of Education	Community Member	Public Comment	Support	Prevention and Early Intervention Component	I am here in support of two programs funded with MHSA dollars: Bullying Prevention Project and Youth Mental Health First Aid.
81	City of Sacramento	Homeless Services Coordinator	Public Comment	Support	Whole Person Care/Homeless	I want to thank the staff for their dedication to serving the most vulnerable in our community and the amazing effort to move this project along in a short amount of time.

Line Item	Agency/Organization	Title	Format	Comment Type	Focus Area	Comment
82	City of Sacramento	Homeless Services Coordinator	Public Comment	Suggestion/Request	Whole Person Care/Homeless	I want to say how important it is that this plan include not only creation of new services, but expansion of existing services.
83	Turning Point	Representative	Public Comment	Support	Community Services and Supports Component	Thank BHS for support of MHSA Stakeholder process and upholding that despite pressures.
84	Association of Behavioral Health Contractors	Representative	Public Comment	Support	Three-Year Plan	I want to thank the Behavioral Health Division for their support of the MHSA Stakeholder process and upholding that despite pressures that come up. And the Association wanted to provide support for the MHSA Three-Year Plan.
85	River Oaks Center for Children	Representative	Public Comment	Support	Three-Year Plan	River Oaks is in support of the MHSA Three-Year Plan.
86	White House Counseling	Representative	Public Comment	Support	Three-Year Plan	White House Counseling is in support of the MHSA Three-Year Plan.
87	Telecare	Representative	Public Comment	Support	Three-Year Plan	Telecare is in support of the MHSA Three-Year Plan.
88	Human Resource Consultants	Representative	Public Comment	Support	Three-Year Plan	Human Resource Consultants is in support of the MHSA Three-Year Plan.
89	El Hogar	Representative	Public Comment	Support	Three-Year Plan	El Hogar is in support of the MHSA Three-Year Plan.
90	Turning Point	Representative	Public Comment	Support	Three-Year Plan	Turning Point is in support of the MHSA Three-Year Plan.
91	City of Elk Grove	Housing /Public Services Manager	Public Comment	Support	Three-Year Plan	We are excited to see so many programs slated for expansion.
92	City of Elk Grove	Housing /Public Services Manager	Public Comment	Suggestion/Request	Whole Person Care/Homeless	Inclusion of all jurisdictions in this plan is so important. We are particularly interested in partnering on permanent supportive housing and mental health crisis response.
93	City of Elk Grove	Community Member	Public Comment	Suggestion/Request	Whole Person Care/Homeless	Agree with everything Sarah had to say. We would love the opportunity to partner with mental health with your expertise to better serve our residents.
94	Sacramento LGBT Community Center	Director	Public Comment	Question/Concern	Cultural Competence	Lack of affirming and local resources that support transgender members.
95	Family member	Community Member	Public Comment	Suggestion/Request	Laura's Law	Support programming for Laura's Law.
96	Family member	Community Member	Public Comment	Suggestion/Request	Laura's Law	Support programming for Laura's Law.
97	Slavic-Russian Community	Pastor	Public Comment	Support	Prevention and Early Intervention Component	Slavic Assistance Center programming beneficial and effective. Helps to reduce stigma and discrimination.
98	Slavic-Russian Community	Community Member	Public Comment	Support	Prevention and Early Intervention Component	Thank you.
99	Local Attorney	Community Member	Public Comment	Suggestion/Request	Prevention and Early Intervention Component	Support comments and concerns regarding programming to address trauma resulting from gun violence. Need programs in the African-American community. Need African-American professionals represented in program facilities.
100	Voice of Youth/family member	Community Member	Public Comment	Suggestion/Request	Prevention and Early Intervention Component	Request for outreach/programs to address trauma related to gun violence in Black community.
101	Family member	Community Member	Public Comment	Suggestion/Request	Laura's Law	Request for consideration of Laura's Law.
113	Public Health Advisory Board	Chair	Public Comment	Support	Three-Year Plan	Your presentation was amazing, one of the best I've heard. Tremendous amount of material! Great response to questions. Thanks for helping us understand this critical area.
114	Public Health Advisory Board	Board Member	Public Comment	Support	Three-Year Plan	Thank you for your presentations at Public Health Advisory Board this week. We found both to be very stimulating and know we have only scratched the surface in understanding these important issues. We look forward to gaining more understanding and knowledge as the work continues under your very capable direction.
