How to Access Services?

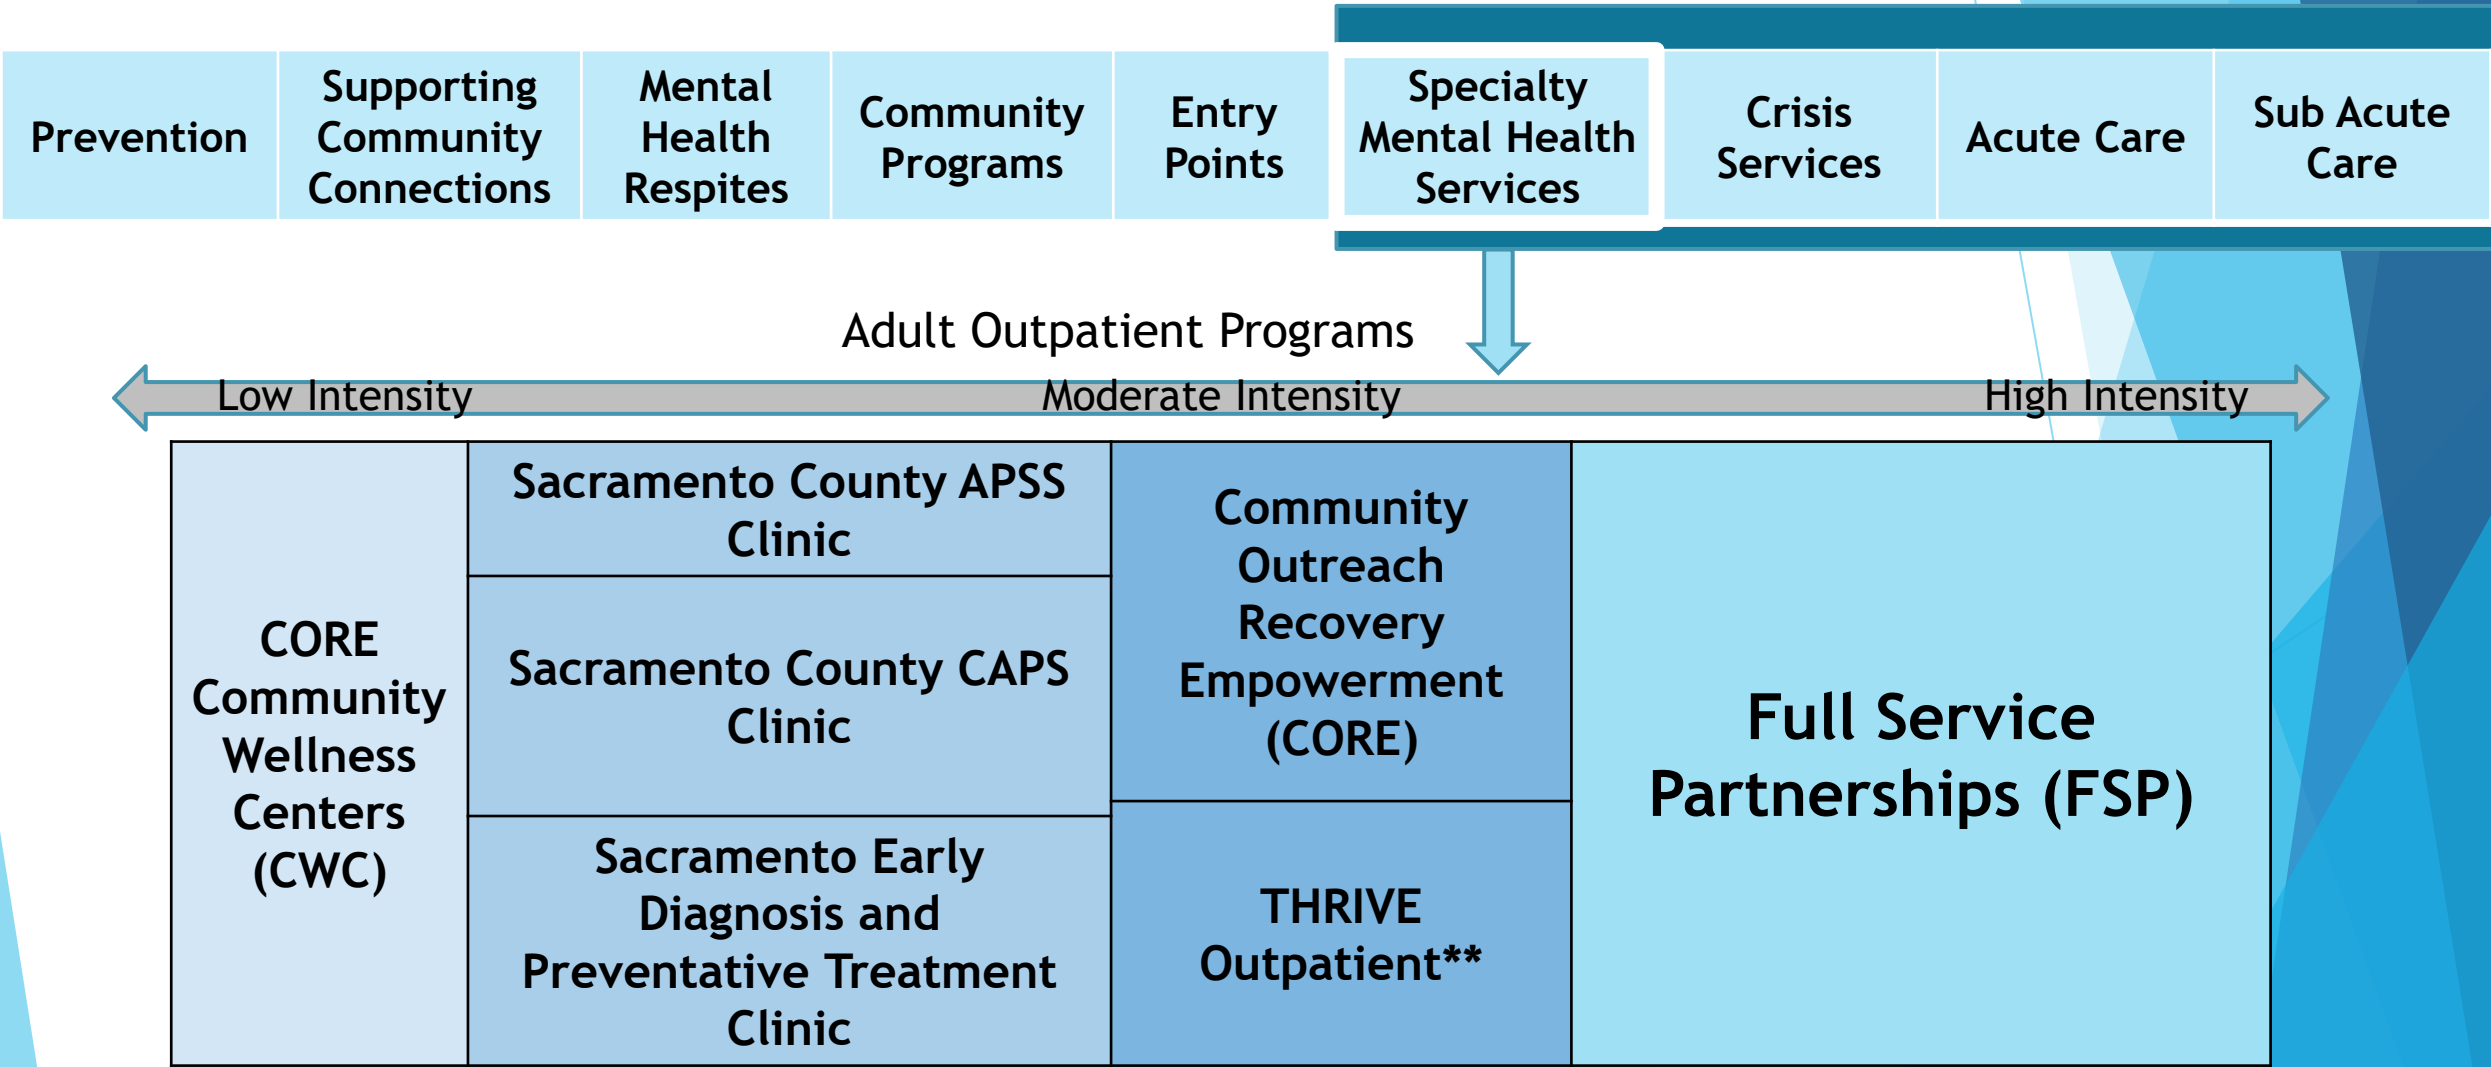

Adult Mental Health Outpatient Continuum

**Behavioral Health Services
Department of Health Services**

Presented by:
Stephanie Kelly, LMFT
Division Manager
Adult MH, Crisis, & Court/JI Programs

Funded by the Sacramento County
Division of Behavioral Health Services
through the voter-approved Proposition
63, Mental Health Services Act (MHSA).

Adult Mental Health Outpatient Continuum

**in development

Community, Outreach, Recovery, Empowerment (CORE)

Eleven (11) adult mental health programs geographically located across the County, consisting of two service models:

CORE Community Wellness Center

- 11 peer run walk-in locations
- Capacity: 600 per site annually
- 11 outreach teams

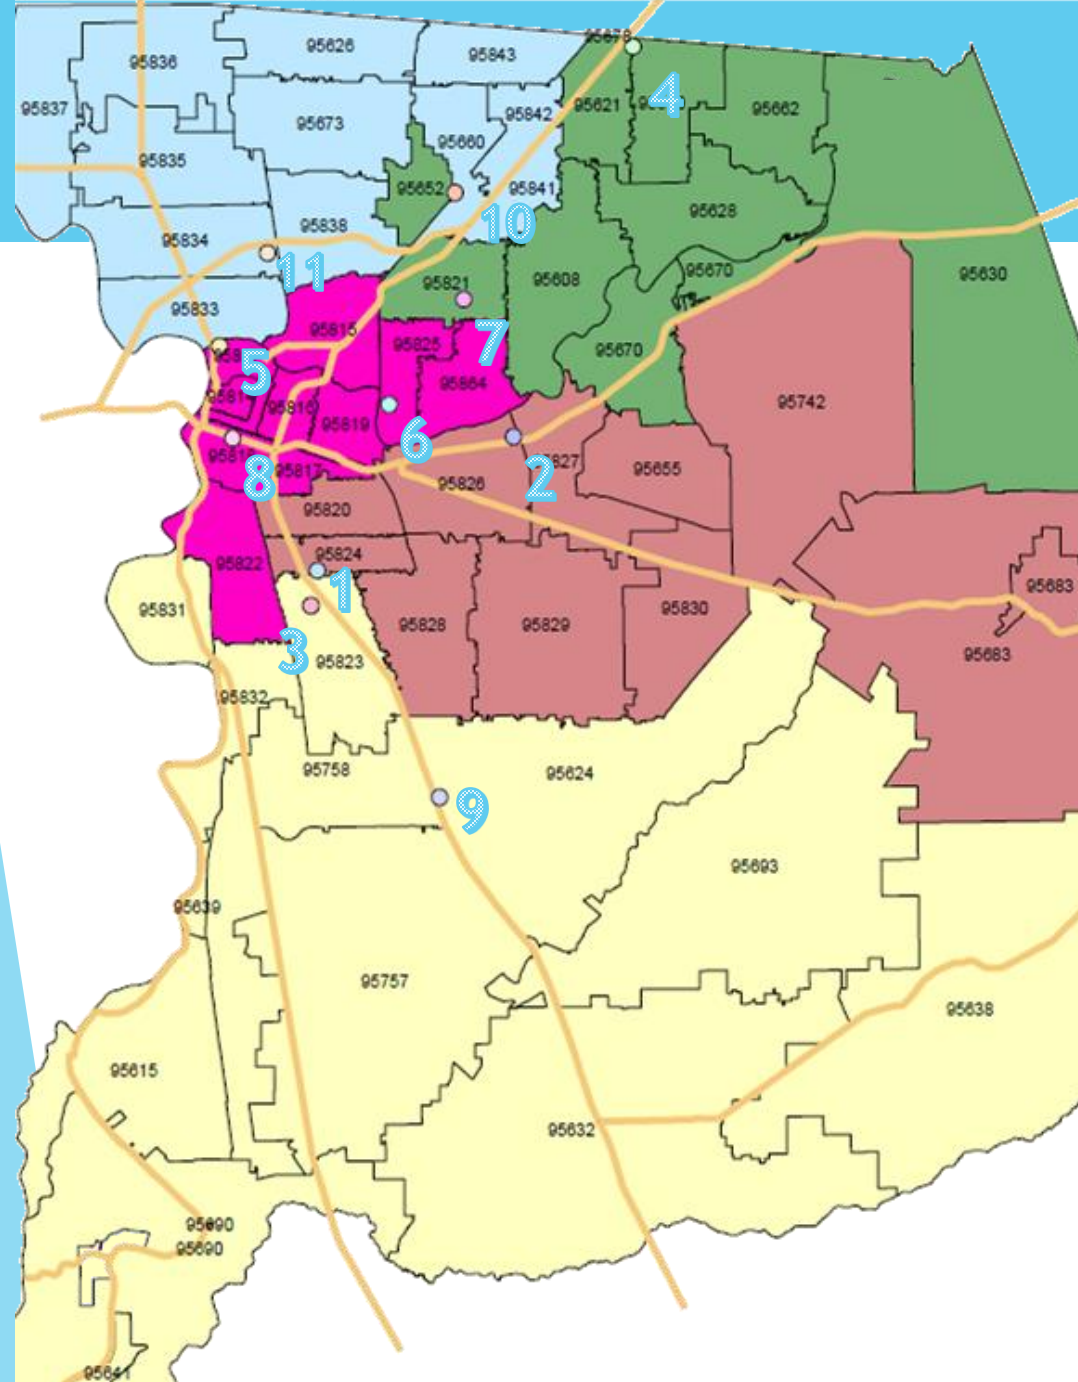

CORE Outpatient Program

- 11 locations
- Capacity*: 700 per site at any given time
- Flexible site-based and community-based services, including housing supports

*Capacity is defined as the number of clients served within a 30 day period.

CORE Locations

Collaboration of healthcare professionals, community-based organizations, law enforcement, county agencies, and concerned citizens determined to turn the tide of our opioid epidemic.

We are committed to saving lives by preventing overdoses through expanding treatment access, promoting safe disposal, encouraging early intervention, treatment and recovery, enhancing opioid surveillance, and expanding public education through outreach.

Linkage to Community Resources

Mental Health and
Substance Use Services

How to Access FSP Services

Referrals to Adult FSPs require a Level of Intensity Screening Tool (LIST)

- LISTs are processed by Intensive Placement Team (IPT) in collaboration with FSP Contract Monitors
- LIST considers the following domains: Clinical Complexity, Risk Factors, Life Circumstances, and Co-morbidity/Medical or Substance Use
- Score alone does not rule out or justify FSP services.*
- [Additional Information: PP-BHS-MH-04-19-Level-of-Intensity-Screening-Tool \(saccounty.gov\)](#)

*The LIST packet must be included for eligibility and linkage to the appropriate FSP or Subacute program.
