

Sacramento County Health Center

October 19, 2018

HRSA gives one-time supplemental funding awards for an improved level of quality performance. The Health Center received an award in August 2018 to help fund quality improvements.

HRSA Dedicated Funding Proposals

One Time Quality Improvement Funding (\$26K) – Requesting approval to:

- Upgrade the equipment in conference rooms that will facilitate trainings. The equipment includes a large screen and computers that can display presentations, trainings and the electronic health record system to providers and staff.
- Staff education and training, both in person and on-line for various quality improvement activities.
- Upgrade staff computers and printers to further support data reporting and electronic health record data entry instructions for providers and staff.
- A computer software enhancement to assist managers with developing plans, assigning tasks, tracking progress and analyzing staff workloads.
