Sacramento County Health Authority Commission

Quality Improvement/Quality Assurance Committee Meeting

- The committee discussed the challenges and nuances of tracking these measures.
- The conversation included the importance of understanding specific specialist availability and the referral process.
- Britta Gurrero had proposed several additional measures via email to the County staff prior to the meeting, including asthma-related ED visits, developmental screening, and lead screening.
- The Committee discussed the feasibility and relevance of these measures and indicated a strong preference to only add measures that MCPs currently report or are planning to report to DHCS soon. The Committee asked NORC to indicate which measures meet those criteria.
- The Committee also discussed the limit of indicators, and whether adding more was feasible. NORC confirmed that they can analyze more, given the standard reporting format, but want to keep the amount manageable for the SCHC to work with meaningfully.

4. Discussion and Action: County Comparators – *Lisa Shugarman, NORC*

- The committee voted to use San Diego, San Joaquin, Alameda, and Orange counties as comparators for Sacramento County.
- Dr. Khaira motioned and Michelle Monroe and seconded. The motion carried. There was no public comment.

5. Strategic Plan Refresh Discussion – *DHS County Staff*

- The strategic plan refresh for 2026 will also be discussed in the next meeting.

6. Public Comment – *One comment per person, limited to two minutes.*

- No public comments were made during the meeting.

7. Next Steps and Adjournment – *Dr. Ravinder Khaira*

- The meeting was adjourned at 4:45 PM.
