## COVID-19 Drive-Up Testing Appointments Advisory March 24, 2020

### **Situational Update**

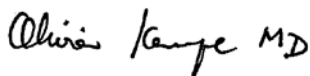

Sacramento County Public Health (SCPH) is expanding COVID-19 testing through online screening and scheduled drive-up testing appointments for Sacramento County residents starting Wednesday March 25, 2020. This community-based testing is possible through a partnership with the California Department of Public Health, Verily Life Sciences, the California Office of Emergency Services, the Governor's Office and the Centers for Disease Control and Prevention.

### **Actions Requested of All Providers:**

1. **Continue** screening patients for COVID-19 according to the most recent (3/19/2020) [SCPH Laboratory Prioritization Guidelines](#).
2. **Refer** patients who do not have severe symptoms and for whom you are unable to provide COVID-19 testing to the [Project Baseline COVID-19 screener website](#) to assess eligibility for drive-through testing. Eligibility is limited to patients who meet the following criteria:
  - a. Resident of Sacramento County **AND**
  - b. Experiencing mild to moderate symptoms (fever and/or respiratory symptoms), **AND**
  - c. At-risk for complications of COVID-19 (age ≥60, underlying medical conditions)

For questions about this program, please email [COVIDMedia@saccounty.net](mailto:COVIDMedia@saccounty.net).

Sincerely,

Olivia Kasirye, MD, MS  
Public Health Officer
