

The Sacramento County Oral Health Program Presents:

BUMPS & BICUSPIDS

A training to empower perinatal providers to integrate oral health care into their practice to support overall health during pregnancy and early childhood.

PARTICIPANTS WILL GAIN THE SKILLS TO:

- ✓ Identify risk factors for poor oral health during pregnancy
- ✓ Learn the impact of poor oral health on pregnancy outcomes
- ✓ Demonstrate skill in providing an oral health assessment
- ✓ Discuss dental disease prevention strategies with pregnant people and caregivers
- ✓ Enhance health equity and access to oral health care through interprofessional collaboration
