National Recovery Month

"Recovery is for Everyone: Every Person, Every Family, Every Community"

Each September, we are excited to celebrate National Recovery Month! It is a national observance held to increase awareness and educate people about how substance use and mental health services can help people and their families live healthy and rewarding lives.

Kicking off with the **31st Annual Recovery Happens** event on September 1, National Recovery Month shares the message of hope through treatment and recovery. All month long, Sacramento County Substance Use Prevention and Treatment Services celebrates the fact that prevention works, treatment is effective and people can and do recover.

Every September since 1992, CCAPP sponsors National Recovery Month at the California State Capitol where thousands gather to increase awareness and understanding of mental health and substance use disorders and celebrate the people in recovery. Individuals and their peers share their diverse experiences and stories of healing while also meeting new peers to support their continued journey in recovery. This event emphasizes that individuals in recovery and their support systems can be change agents in our community.

Location: California State Capitol Park, 1315 10th St, Sacramento

Time: Begins at 10am with Pancake Breakfast

Remember to wear purple on September 30th, International Recovery Day. Purple is the color symbolizing addiction recovery.
