* The Sacramento Veterans Administration Medical Center (VAMC) shall receive only the following patients:

1. Veteran patients requesting to be transported to the VA Medical Center.
2. Adult patients (>14 years) under Cardio-Pulmonary Resuscitation (CPR) when the VA is the time closest facility.
3. Adult patients (>14 years) with unstable airways when the VA is the time closest facility.**

***Sacramento County Advanced Life Support (ALS) Service Providers may contact Sutter Roseville Medical Center for direct medical control for "trauma patients" being transported to ~~the respective hospitals that facility~~. **Sutter Roseville Medical Center may not be utilized by Sacramento County ALS Service Providers as a base hospital for medical (non-trauma) patients.** ALS personnel can contact UCDMC, MSJ, and KHS on all Trauma Triage patients refusing treatment and/or transportation.

*** Patients requiring Interventional Cardiac Catheterization Services, as indicated by a 12-Lead ECG consistent with an acute myocardial infarction (computer interpretation reading ***** ACUTE MI ***** or *** ACUTE MI SUSPECTED *** or *** STEMI ***), or equivalent, who request a Kaiser facility should be directed to a Kaiser or Dignity Health Catheterization facility.
