Public Health

County of Sacramento

Date: November 21, 2024

To: Emergency Medical Services (EMS) Agencies

From: Sacramento County Emergency Medical Services Agency (SCEMSA)

Subject: *Advanced Emergency Medical Technician (AEMT) Accreditation Course*

In order to ensure that all AEMTs operating in Sacramento County are equipped with knowledge and understanding of SCEMSA protocols, any Advanced Life Support (ALS) EMS provider wishing to hire AEMTs must develop and provide an AEMT accreditation Continuing Education (CE) course.

This course shall include essential information such as Sacramento County Operations and relevant policies to AEMTs. This is crucial for aligning AEMTs with Sacramento County's standards and protocols, and it shall be conducted as part of the onboarding process. This accreditation course must be completed before AEMTs can apply for accreditation with SCEMSA.

If you have any questions or need further clarification, please feel free to contact SCEMSA at SCEMSAinfo@saccounty.gov or at (916) 875-9753.

Thank you for your cooperation.

Sincerely,

David Magnino, B.S./EMT-P
EMS Administrator
