Notes:

- A. The Sacramento Veterans Administration Medical Center (VAMC) shall receive only the following patients:
 - 1. Veteran patients requesting to be transported to the VA Medical Center.
 - 2. Adult patients (>14 years) under Cardio-Pulmonary Resuscitation (CPR) when the VA is the time closest facility.
 - 3. Adult patients (>14 years) with unstable airways when the VA is the time closest facility.
- B. *Sacramento County Advanced Life Support (ALS) Service Providers may contact Sutter Roseville Medical Center for direct medical control for "trauma patients" being transported to that facility. Sutter Roseville Medical Center may not be utilized by Sacramento County ALS Service Providers as a base hospital for medical (non-trauma) patients. ALS personnel can contact UCDMC, MSJ, and KHS on all Trauma Triage patients refusing treatment and/or transportation.
- C. Patients requiring Interventional Cardiac Catheterization Services, as indicated by a 12-Lead ECG consistent with an acute myocardial infarction (computer interpretation reading ***** ACUTE MI ***** or *** ACUTE MI SUSPECTED *** or *** STEMI ***), or equivalent, who request a Kaiser facility should be directed to a Kaiser or Dignity Health Catheterization facility.
