Topic TBD

December 17, 2025

8:00AM - 12:00PM (4 hours)

Review of November policy updates

Trauma Case Review

Run reviews organized/presented by:

Terry Liddell, RN, BS, MICN

Mercy San Juan Medical Center Base Hospital Coordinator

Objectives

- The learner will understand the roles and responsibilities of the MICN both in the hospital and prehospital setting.
- The learner will understand the SCEMSA protocols and how to apply it to prehospital care.
- The learner will provide appropriate base hospital direction to prehospital personnel.
- The learner will continue to become familiar with proper radio etiquette and review previous radio calls for appropriate base hospital orders and direction

Relevance to prehospital care

Review of EMS protocols and past radio reports for continued learning on the roles and responsibilities of the MCIN in the care of prehospital patients.
