

SACRAMENTO COUNTY COMMUNITY HEALTH IMPROVEMENT PLAN

A community-developed 5-year action plan aimed to coordinate efforts and target resources to address root causes of health inequities in Sacramento County.

Utilizing the Healthy Places Index (HPI), a tool that combines 23 community characteristics into a single indexed score, the CHIP Coalition chose to focus on **Census Tract 44.01**, the community with the lowest HPI score in Sacramento County. The CHIP includes both countywide and 44.01-specific targets.

FOUNDATIONAL PRINCIPLES

Nothing About Us, Without Us

Moving at the Speed of Trust

Mile Deep, Inch Wide

Building on Strength

GOAL:

LEADERSHIP CAPACITY

Build leadership capacity and power through place-based training, strategic policy development, and community engagement.

- Establish a CHIP Coalition
- Establish a CHIP Steering Committee
- Train community members on community organizing and policy advocacy

GOAL:

INCREASE INCOME

Increase income through program eligibility and employment to reduce poverty.

- Increase the percentage of people with incomes above 200% of the federal poverty level.

GOAL:

FOOD ACCESS

Create a Food Action Plan and promote access to and consumption of culturally relevant healthy foods through education, advocacy, and community engagement.

GOAL:

HOUSING SECURITY

Reduce the number of people becoming unhoused in Sacramento County.

- Reduce the number of evictions in census tract 44.01 by 50%.

GOAL:

MENTAL HEALTH

Reduce barriers to physical and mental healthcare.

- Increase the number of census tract 44.01 residents who are insured
- MediCal Managed Care Plan partners will increase the number of members receiving housing services, follow-up after adult mental health care visits to the ER, & pediatric screening
- Increase census tract 44.01 residents' awareness and participation in community health services

MORE DETAILS

The CHIP utilizes data from the [Community Health Assessment](#). To learn more about the [CHIP](#), read it in its entirety.
